

KCTC EVENING RIDES MAY – SEPTEMBER 2019

Make the most of those long summer evenings with the mid-week rides. A gentle cycle along country lanes, a stop at a cyclist-friendly pub for a glass of lemonade, (other drinks are available), and back home before dark. The length of the rides varies with the length of the days, and we can always tailor rides to suit requests or less than glorious weather.

ALL RIDES START FROM THE GREEN AT 7:00pm.
